

Coliseum Boulevard Plume  
Community Outreach Group

January 20, 2012

The following project activities are planned to take place during the period of January 23, 2012 through January 27, 2012:

- Routine observations and management of the plume area continue.
- Semi-annual groundwater sampling is underway and will continue through the month of January. Sampling may be conducted on weekends in or near ALDOT grounds and parking areas.
- Routine surface water samples will be collected during the month of January as required by approved plans and permits.
- ALDOT's Contractor has begun construction for final sections of the fence in the Southwest area.
- Weekly updates and other project information and reports can be found on [www.coliseumboulevardplume.com](http://www.coliseumboulevardplume.com)

As always, if you have any questions or concerns, please call the 24 hour information line at 334-353-6635, to leave a message or call Ashley at 334-271-0400 or Alec at 334-220-1955.
