

Coliseum Boulevard Plume
Community Outreach Group

January 6, 2012

The following project activities are planned to take place during the period of January 9, 2012 through January 13, 2012:

- Routine observations and management of the plume area continue.
- Semi-annual groundwater sampling is underway and will continue through the month of January. Sampling may be conducted on weekends in or near ALDOT grounds and parking areas.
- Routine surface water samples will be collected during the month of January as required by approved plans and permits.
- ALDOT's Contractor will begin construction for final sections of the fence in the Southwest area.
- Weekly updates and other project information and reports can be found on www.coliseumboulevardplume.com

As always, if you have any questions or concerns, please call the 24 hour information line at 334-353-6635, to leave a message or call Ashley at 334-271-0400 or Alec at 334-220-1955.
