Should you have a project in the Coliseum Boulevard Plume area that involves excavation, drilling or potential contact with groundwater, please contact Lawson Brown or Nikki Preston at ALDOT's Bureau of Materials and Tests at 334-271-2200 as you are planning your project. ALDOT subscribes to AL 811 "Call before you dig" service, but can provide information about the plume during planning. Per Alabama law, everyone, including homeowners must contact Alabama 811 at least two working days prior to the start of any excavation project – no matter how large or how small – especially if you are using any type of mechanized equipment. Call 811 or log onto <http://www.al811.com/> to provide required notice before construction that includes excavation or drilling.

Individuals interested in learning more about the project and serving on the Community Outreach Group should submit a nomination form for consideration. Details and the form are available on the web site (www.coliseumboulevardplume.com) or by leaving a message on the CBP's 24-Hour Information Line: (334) 353-6635.

As always, if you have any questions or concerns, please call and leave a message on the Coliseum Boulevard Plume 24-Hour Information Line at (334) 353-6635 or contact Ashley at (334) 467-0766 or acousins@acessllc.com.

Wishing each of you a great start to 2022!
